Table Builder

FONT AVENIR NEXT

The Table Builder section displays several screenshots of a software application. It includes a main dashboard with a tree view of table structures, a 'Add New Field' dialog, a 'Edit Table' dialog, and a 'Edit Table Summary Fields' dialog. A color palette titled 'PRIMARY COLORS' is shown on the right.

BEGIN PEDIGREE UI

FONT AVENIR NEXT

This section shows the Progeny software interface. It features a landing page with a 'Free Online Pedigree Tool' and a 'Pedigree' section with a pedigree chart. Another screenshot shows a 'Pedigree and Risk Assessment' report. A color palette titled 'PRIMARY COLORS' is shown on the right.

MEETT

The MEETT section shows a series of mobile application screens. It includes a login screen with Facebook integration, a map-based event location screen, and a navigation menu with options like 'Events', 'Type something', 'Messages', 'My Favorites', and 'History'. A color palette titled 'PRIMARY COLORS' is shown on the right.

UNIQUE FIELD TYPES

FONT AVENIR NEXT

This section shows the Progeny software's 'Edit Drop Down Fields' and 'Edit Computed Fields' dialogs. It illustrates how to define dropdown values and compute complex field logic. A color palette titled 'PRIMARY COLORS' is shown on the right.

MRN Patient Lookup

FONT AVENIR NEXT

The MRN Patient Lookup section shows a series of mobile application screens. It includes a patient search interface, a date of birth entry screen, and a confirmation message. A color palette titled 'PRIMARY COLORS' is shown on the right.

This section shows the Progeny mobile application interface. It includes screens for adding favorites, viewing stats, browsing by activity, and sharing profiles. A color palette titled 'PRIMARY COLORS' is shown on the right.
